## Webinar Offerings

**Presented by Wisdom Worker Solutions™**  
**A series of webinars from My Plan After 50®**

### **Communication Skills - The Basics**

Whatever the age, being a good communicator is a priceless skill that is well worth the effort. In this webinar, Workplace Services Consultant Jul Bruns demonstrates how to succeed in most any communication situation, and how to excel at this key element of healthy longevity.

### **Resiliency**

Resiliency has come to be understood as one of the elements essential for a *vibrant* life after 50. It makes the challenges of life not only tolerable, but growthful. Resilient people are able to adapt to life's challenges and changes in a positive and productive manner with specific resilient attitudes and behaviors.

### **Financial Planning**

- *Investments & Income Planning*
- *Protection & Estate Planning*
- *Readiness & Professionals*

Joel Magruder, president and founder of Financial Partners Group, conducts a series of webinars giving an overview on each of these very important financial topics.

### **Multi-Generational Workforce**

Join us for an eye-opening and interactive overview of the four generations, how they're reshaping our workplace realities and the best practices in leading the gen-mix.

### **Stages of Change**

It is always helpful to understand what we are getting into, and what the steps will probably be when we are facing significant change. Brunie Emmanuel explains the steps of a model of change that are relevant for any type of change we experience.

**Webinars are available 24/7 from any  
computer with internet connection.
